About the University Sponsor

We are grateful for the support of the Turner College of Business at Columbus State University. Columbus State University is a state university governed by the Board of Regents of the University System of Georgia. It is located 100 miles southwest of Atlanta in the mid-sized urban city of Columbus on the border of Georgia and Alabama. The university enrolls 8,400 students who come primarily from communities throughout Georgia. The school is also a popular destination for students in neighboring Alabama counties. Over the past decade, aggressive recruitment efforts have increased the number of students hailing from other regions of the United States and foreign countries.

The Turner College of Business enrolls students in undergraduate business and computer science disciplines, as well as an MBA designed for working professionals, an online MBA, a Master of Science in Organizational Leadership, and graduate programs in Computer Science. The online MBA is offered through the Georgia Web MBA program, a consortium of AACSB-accredited schools in Georgia. The college has strong ties to the local community, and provides educational opportunities and economic development assistance to the citizens, businesses and industries located in the region. As an AACSB accredited program with smaller average class sizes, and a dedicated faculty and staff, the Turner College of Business offers one of the best buys in management education in the region.

As part of its commitment to applied research and faculty development, the Turner College of Business has been instrumental in providing financial support for the *American Journal of Entrepreneurship* since Volume 1 was published in 2008.

Instructions to Authors
